

# I Love you

(Words & Music M.van Laar Clay Hill/ JvW Verlag)

I'm gonna sit right down and write myself a lovesong  
About how she picks me up when I can't go on  
All the usual implications so it won't take long  
About how I keep running away from  
While the endless searches go on and on

## CHORUS :

And what I'm trying to say  
In my own sweet way  
Yeah what I'm trying to do  
To get it through to you  
Is that I love you

There's a deep blue sky hung outside my window  
Running down the highway with the top pulled down  
Got a passport paper picture to a never ending road  
Wishing I was labelled in this picture frame  
Sitting with the castaways wishing all the same

## CHORUS :

### BRIDGE :

And everytime I turn around and I'm headin for the door  
In my heart I know I'll keep on coming back for more  
And what I'm trying to hold onto is right there in my hands  
Tryin hard to reach so far to make you understand  
To make you understand

Well I'm lyin in the longgrass making love to you  
Runnin from the truth and hiding from the lies  
Smiling as your old man says the ways the goal  
Wishin I was labelled in this picture frame  
Sitting with the castaways wishing all the same

## CHORUS :
