

When you smile

(Words & Music M. Van Laar, Blow Till Midnight MusicVerlag)

C#m B
Sometimes I stare in wonder
C#m
At just how far we've come
B
And with the world on our shoulders
D#m
From time on the run
B
I return to
A
Just how far we have to go

CHORUS :

E F#m C#m
But when you smile
B E
Heavens open
F#m A B E
And I can feel the rain
F#m C#m B A
Soak through my skin

Through my soul and on again

She looks at me
Running around
She laughs at me
With the burning blanket
She restores my faith
Fills the pages
Of these faded dreams
With the colours of the ages

CHORUS :

BRIDGE :

B A B
Do you believe in love
A B
You know I do yeah
A B
When she believes in me
A
I'll believe in me to

I'm just a captive of my crazy dreams
And with the miles rolling off the clock
She declares her love for me
Deeper than the sea boy
Deeper than the big blue sea
I've got the radio on
And they're playing our song

CHORUS :
